AIRplus® Bio Home Compostable

ECO-FRIENDLY AND RELIABLE

AIRplus® Bio Home Compostable

COMBINES RENEWABLE RAW MATERIALS,
COMPOSTABILITY AND PRODUCT PROTECTION.

Storopack's AIRplus® Bio Home Compostable air cushions are an eco-friendly and safe packaging solution: they are partly bio-based, using the natural and renewable resource starch, and

home compostable. Air pillows made of this innovative organic film boast outstanding packaging characteristics and are ideal for protecting all kinds of products during transport.

AIRplus® Bio Home Compostable AT A GLANCE

- ▶ CERTIFIED BY TÜV AUSTRIA FOR HOME COMPOSTING
- ▶ COMPLETE DEGRADATION IN PRIVATE OR INDUSTRIAL COMPOSTING SYSTEMS INTO NATURAL, NON-TOXIC RESOURCES
- ▶ A REDUCTION IN THE VOLUME OF PLASTIC WASTE GENERATED
- ▶ MUCH SHORTER LIFE (1 YEAR ON A HOME COMPOST) COMPARED TO PRODUCTS MADE FROM NON-COMPOSTABLE MATERIAL
- ▶ THE BIOMASS RESULTING FROM COMPOSTING IS SAFE FOR PLANTS AND WORMS
- ▶ OPTIONS AVAILABLE FOR LIGHT TO MEDIUM-WEIGHT AND HEAVY PRODUCTS

HOW TO DISPOSE AIRplus® Bio Home Compostable

The film can be disposed of in the home compost, where it's completely broken down by microorganisms. However, the disposal depends on the regulations and standards in the different areas and municipalities.

AIRplus® Bio Home Compostable meets all requirements of the ClimatePartner certification

We work intensively to reduce the emissions of our products. However, it is not possible to avoid all emissions during production and shipment.

Therefore, we work with ClimatePartner to measure and reduce the carbon footprint. The "ClimatePartner certified" label confirms our work on good and sustainable product design and conscious decision-making. For all residual CO₂ emissions, Storopack supports climate projects.

Learn more about the disposal in your country:

STOROPACK - PERFECT PROTECTIVE PACKAGING

Wherever in the world you send your products, we want them to be well protected while in transit.

AIRplus® TRANSFORMS AIR INTO THE OPTIMAL PROTECTIVE PACKAGING.

Our AIRplus® packaging system optimally protects your products with air cushions in a variety of forms. Whether wrapping fragile shipping goods or filling voids, AIRplus® air cushions are versatile, especially light, reduce transport costs, and can be reused or recycled.
